

Position: Full Stack Angular/ASP.NET Core Web Developer  
Position Type: Full Time  
Posting Date: November 23, 2018  
Closing Date: December 6, 2018

### **The School**

West Island College (WIC), a leading independent CAIS accredited day school in Calgary, Alberta, is seeking dynamic personnel to join our IT Team. WIC, a university preparatory school, has a student population of 572, grades 7-12. West Island College was founded in 1982 and boasts outstanding facilities along with small class sizes of a maximum of 25 students. WIC's programs are designed to give students personalized attention and help cultivate their passions.

**Skills Required:** C#, Javascript, HTML 5, CSS3 & Bootstrap, REST API, JSON, Git

**Skills Preferred:** ASP.NET Core, Entity Framework Core (Code First), Angular 2+, Bootstrap, Visual Studio, Typescript, Microsoft Azure, SQL Server, PowerShell, Active Directory, ADFS, Azure AD, Claims Based Authentication / SAML, Office 365, Photoshop, WordPress, Redis, Oracle APEX / ORDS

**Required Traits:** Strong passion for design and UX, Ability to self-teach large amounts of information in a short time, handle pressure under tight deadlines

**On Site Training:** A Junior Candidate may apply for this position and receive training on-site, given that the Junior has ample experience in the required skills and shows proper dedication.

### **Job Description:**

West Island College is working on an internal website project that integrates all its cloud services. We are looking to hire a Full Stack Web Developer proficient in ASP.NET Core C#, Angular 2, and Entity Framework Core to help develop this website internally on an Azure hosted website.

Daily requirements may include:

- Assist in the development of internal websites using Angular 7, ASP.NET Core, and external Web APIs
- Develop services that sync data via APIs to different cloud APIs
- Develop custom API plug-ins to query an Oracle database
- Customization of PowerSchool interfaces and adding custom fields
- Ability to develop for mobile; developing responsible websites
- Build PowerShell scripts to integrate systems between SQL databases and Active Directory

Additional requirements may include:

- Assist faculty members with various IT related issues
- Administer Users & Group Policy in Active Directory
- Maintain and assist in usage of school theatre equipment when needed
- Troubleshoot Apple iPads and MacBook problems
- Troubleshoot Windows problems
- Administer Office 365 users and Exchange Online

**How to Apply:**

If you meet the criteria above and are interested in applying for the position, please send your resume to the Manager, Corporate and Human Resource Services, Ms. Carla Huhn at [careers@mywic.ca](mailto:careers@mywic.ca).

As a condition of employment, the successful candidate must provide a current Vulnerable Sector Screening Police Report. We thank all candidates and advise that only those selected for an interview will be contacted.
